

JUNIOR ACCOUNT

Disclosures, Terms and Conditions

The information contained in this document is an Addendum to the Personal Banking Services Agreement.

ACCOUNT INFORMATION AND OPENING REQUIREMENTS	- The Junior Account ("Account") is a personal, transactional, variable rate account that earns interest on a monthly basis, for youth under the age of 18. The Account will be opened in the name of the minor as account holder ("Account Holder") represented by his father, mother or legal guardian appointed by the Court in the capacity of representative, and as guarantor of the minor's obligations ("Representative"). The Representative, by himself and on behalf of the minor, recognizes, accepts and agrees that: (i) when opening the Account, as stated above, the Bank will consider the minor to be the owner, not the Representative; (ii) any transaction made by the minor (including, without limitation, transactions made with a debit card) is considered a transaction authorized by the Representative who, in addition, will be jointly and severally liable for charges caused by overdrafts, Service Charges belonging to the Account and fulfillment of Depositor's obligations under the Personal Banking Service Agreement. - At the age of 18, the Account will be converted to an Easy Access Account and incur applicable fees and charges. The Account Holder will then be required to return to the bank for new account document preparation and signatures. - The Account provides a Mastercard® (Debit Mastercard®). The Debit Card is only available for Account Holders age 13 and over. With your Debit Card you can access your Account through 24-hour Automated Teller Machines ("ATMs") and Point of Sale ("POS"). - Without limiting any other rights of the Bank under your Account Agreement, Accounts with zero (\$0.00) balance for a period of 90 consecutive days, will be automatically closed without prior notification. - The Account requires a minimum opening deposit of \$250.00.		
INTEREST RATE INFORMATION	- You must maintain a minimum average daily balance of \$0.01 in the Account during the cycle to obtain the disclosed Annual Percentage Yield (APY). - Depending on your average daily balance, the Interest Rate and Annual Percentage Yield applicable to your Account varies. Please refer to the following tiers for the applicable rates:		
BALANCE RANGE

The interest rate and annual percentage yield (APY) applicable to the account is variable at the bank's discretion, based on market conditions and may change at any time without prior notice. BALANCE COMPUTATION METHOD: We use the average daily balance method to calculate the interest on your Account and to determine if a minimum balance fee applies. This method applies a periodic rate to the average daily balance in the Account during the cycle. The average daily balance is calculated by adding the principal in the Account for each day during the cycle and dividing the figure by the number of days in the cycle. COMPOUNDING AND CREDITING: Interest, if any, will be compounded and credited to your Account on a monthly basis. If you close your Account before interest is credited, you will not receive the accrued interest. ACCRUAL ON NON-CASH DEPOSITS: Interest begins to accrue on the Business Day you deposit non-cash items (for example, checks).			
SERVICE FEES	The following fees will show in your periodic account statement as "Service Charge".

INSUFFICIENT FUNDS AND OVERDRAFT FEES			
A "Non-sufficient funds (NSF) or Non-available funds" fee will apply to transactions originated or items drawn against non-sufficient or non-available funds regardless of whether such transactions or items are paid or returned unpaid. An overdraft occurs when your Account balance turns into a negative balance. Overdrafts may be caused by checks, other transaction types, fees and/or charges against your Account. At our discretion, we may pay transactions and/or items that may result in overdrafts. That is, we do not guarantee that we will always authorize and pay transactions and/or items that may cause an overdraft. If we do not authorize an overdraft, the transaction may be declined and/or your check returned unpaid. In case of overdrafts an Overdraft Fee, Overdraft Charge and an Overdraft Service Charge will apply (collectively, "Overdraft Fees"). Overdraft Fees will show in your periodic account statement as "Overdraft Charge for Continuous OD." You will not incur Overdraft Fees on overdrafts caused by the following transaction types: Automatic Teller Machine ("ATM") withdrawals; one-time debit transactions originated through Point of Sales ("POS"), Online or Telephone (e.g., purchases made using your debit card) (collectively, "one-time debit transactions"). The latter exception does not apply to preauthorized electronic fund transfer.			
Insufficient or Non-available Funds	\$25.00	For each debit transaction, check or preauthorized electronic fund transfer, among other transactions, whether paid or returned, against insufficient or non-available funds in the Account. This fee will apply the first time an item is presented for collection. Depending on the balance of your Account, this fee could cause or increase an overdraft to your Account.	<i>If you have another consumer savings or checking account with Oriental Bank, you may request us to link any of those accounts to this Account in order to minimize the risk of overdrafts. Subject to availability of funds in the linked account, if you are about to overdraw your Account, we will automatically transfer available funds needed from the linked account to authorize and pay the transaction that would otherwise overdraw the Account.</i>
Overdraft Fee	\$30.00	We may authorize and pay overdrafts by check and other transactions using your account number.	
Overdraft Charge	15.00% Annual	A 0.04110% daily (15% annual) overdraft charge will be applied on a daily basis on the overdrawn daily balance in your Account. This charge is calculated daily based on a 365-day year.	

While in Overdraft Status, your Account will automatically be charged any outstanding Overdraft Fee, Overdraft Charge and Overdraft Service Charge (if applied), which may result in creating an overdraft on your Account or may increase an existing overdrawn Account over any authorized limit. You are required to cover an overdraft amount within 30 days from the date the overdraft is created or before the end of your current statement cycle period. If the account remains in overdraft after this period, the account will be closed by the Bank.

Overdraft Service Charge	\$5.00	This fee is charged in addition to the 15% rate applicable to overdraft if the overdraft is not paid within the 30-day period required and will only be charged once to your Account within each statement cycle your Account is overdrawn.	<i>In order to avoid this fee, you must cover your overdraft within the 30-day period required.</i>
The cycle for service charge calculations begins on the 1 st business day of each cycle and ends on the last business day of the cycle. If the last day of the cycle falls on a public federal holiday or weekend, all transactions are considered to fall in the following cycle.
